Duo.

Precision made portable lighting :  
3 beam super flux LED, precision machined aluminium, rechargeable lithium ion torch.

## OUTBACK DUO FEATURES :

- \* 6063 Aluminium, precision machined and turned, tough and lightweight body.
- \* Anodised to AA25 or mil. spec hard anodise finish.
- \* 3W super flux white led main beam, 3W super flux led white rod light.
- \* 1W super flux led green or red rod light option.
- \* 3.7V 2200mAh Lithium-Ion rechargeable power cell.
- \* Unique o-ring sealed beam selection collar with gold contact rotary switch.
- \* Mains Lithium-Ion charging unit.
- \* Maintenance free 100,000 hour LED runtime.
- \* Made in England following stringent environmental policies.

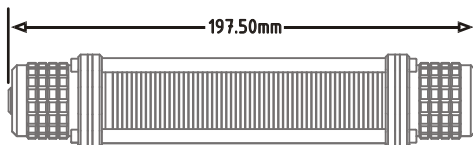

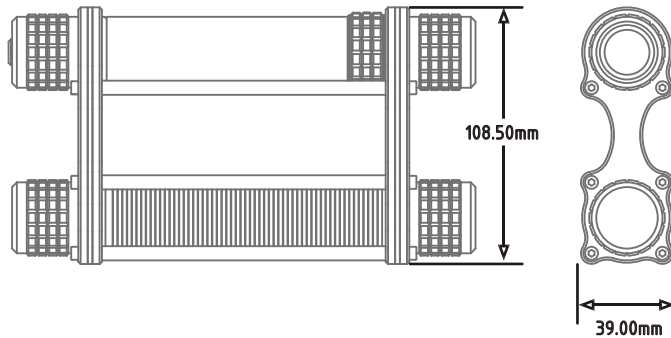

3W LED MAIN BEAM

3W WHITE LED & 1W GREEN OR RED LED ROD LIGHT

## OUTBACK DUO DIMENSIONS :

## OUTBACK DUO SPECIFICATIONS :

### OPTICAL :

**Illumination Type :** 3w white, super flux LED (main beam), 3w white, super flux LED (white rod light), 1w red super flux LED (green rod light option) or 1w red, super flux LED (red rod light option).  
**Luminous Ratings :** 50 lumens (main beam & white rod light), 25 lumens (green & red rod light). Approx values.

### ELECTRICAL :

**Battery Type :** 3.7V 2200mAh Varta Lithium-Ion rechargeable cell. Life time expectancy >70% after 300 cycles.  
**Runtime :** 4 hours - full power 3W main beam & 3W white rod light / 11 hours - 1W red or green rod light.  
**Charge Time :** 5hrs  
**Charger Type :** 100-240VAC Li-Ion charger. 3-Step charge control with current detection. Included.  
**Switch Rating :** 1,000,000 operations. Gold contacts.  
**Connector Type :** Lemo precision sockets and connectors.

### MECHANICAL :

**Material :** 6063 Aluminium (main body), polycarbonate (light rod).  
**Finish :** Silver/black/red anodised to AA25 (shown above) or Mil. Spec. Hard anodised finish available to order.  
**IP Rating :** IP67. Protected against the effects of immersion.  
**Weight :** 0.64Kg.
